esthoro28@gmail.com
esther-dupraz.com

Backend Developer with 3.5 years of experience in PHP, Symfony, and JavaScript, specializing in robust backend architecture. I leverage AI tools to accelerate development while ensuring clean, structured code. Rigorous and passionate about continuous learning, I am equally effective working independently or collaborating within a team on large-scale projects.

WORK EXPERIENCE

BACKEND DEVELOPER

P & P Communication | France - Remote

NOVEMBER 2022 - PRESENT

- **End-to-end development of a ticketing system for an amusement park:** collaborated within a team to implement complex business logic, including sales management (tickets, subscriptions, gift cards), refunds handling, and integrated payment methods.
- **Development and maintenance of a REST API:** contributed to integrating 8+ physical points of sale (ticket counters and food stands) to a centralized database using MySQL, supporting over 185,000 visits in 2025.
- **Modernization of the company's proprietary CMS:** led the migration of the core system from PHP 7.4 to PHP 8.3, including extensive refactoring and performance improvements.
- **Web performance optimization:** improved loading times across multiple websites, with a focus on lightweight, efficient and eco-friendly development using Lighthouse and GreenIT Analysis tools.
- **Critical bug resolution:** solely responsible for identifying and resolving complex bugs in systems under maintenance contracts, while meeting strict deadlines.
- **End-to-end website development:** independently built complete websites from scratch using the company's proprietary CMS, handling both back-end logic and front-end integration (HTML, CSS, JavaScript, jQuery) — from architecture to deployment.

EDUCATION

WEB DEVELOPMENT TRAINING

OpenClassrooms

2023 - 2025

- Development of web applications using PHP and Symfony (MVC framework)
- Architecture design using UML
- Writing unit and functional tests
- Working with CI tools and performance optimization

MASTER'S DEGREE IN COMPUTER SCIENCE (INFORMATIQUE AVANCEE ET APPLICATIONS)

University of Franche-Comté (CTU), France

2021-2023

BACHELOR'S DEGREE IN MATHEMATICS AND COMPUTER SCIENCE

Aix-Marseille University (CTES), France

2018 - 2021

SKILLS

- **Programming languages:** PHP, JavaScript, SQL, HTML
- **Frameworks & libraries:** Symfony, jQuery, PHPUnit, Angular (currently learning)
- **Tools & Technologies:** GitHub, Docker, Wordpress, MySql, Blackfire
- **AI Tools:** Claude Code, Cursor, Stitch, Z

LANGUAGES

- **French:** native language
- **English:** fluent (3 years in England)
- **Hebrew:** intermediate
